Explore Maidstone's creative side

Find dinosaurs, animals, sculptures,
lights, our heroes and much more...

Maidstone is a place built on a history of culture, creativity and the arts.
It's a place where creativity inspires and excites.

All around the borough are examples of this creativity on show. We have an eclectic mix of public artworks, including commemorative statues and lifelike sculptures, to more abstract pieces and light displays. The Creative Maidstone Trail will help you find and explore these treasures.

About the trail

The trail has been crafted by **Burning Leaf Creatives** for the benefit of families and children across the borough with funding provided by **Kent County Council's** Cultural Sector Build Back Better grant.

We want to create an exciting new activity for families to find the vast array of artwork that we have across Maidstone – incorporating indoor and external activities.

/// what3words

Our trail uses **what3words**. what3words is a free app that can be downloaded from both the App Store and Google Play. what3words divides the world into three metre squares and each square has a unique combination of three words. Using those words, it's the easiest way to find and share exact locations. Simply search for the three words linked to each artwork into the app or the website.
